

YBCBD SERVICE HIGHLIGHTS

IMPROVING QUALITY OF LIFE IN YERBA BUENA | AUGUST 2017

THE YBCBD TEAM

- **Clean Team.** Sweeps and steam-cleans sidewalks, removes graffiti, picks up litter, and responds to neighborhood cleaning requests every day 6 a.m.-9:30 p.m.
- **SFPD Bike Patrol and Safety.** On top of existing police services, the YBCBD funds an SFPD bike patrol officer to keep us safer – 10 hours a day, 7 days a week.
- **Community Guides.** Help everyone in the district and are our eyes on the street — directing visitors to local businesses, contacting our dispatcher about cleaning and safety issues, and helping those in need — every day 6 a.m.-midnight.
- **Social Service Specialist.** Connects people living on district streets to available services.

YOU CAN HELP! REPORT ISSUES

Report cleaning issues and non-emergency safety concerns to YBCBD Dispatch. Call 415.543.9223, email dispatch@ybcbd.org, text 415-559-1362, or visit Yerba Buena Assist at WWW.YBCBD.ORG (Include dispatch buttons).

YBCBD ASSISTS

Collaborating to Make a Difference

Our service provider meets monthly at the SFPD Safety Hub on Sixth Street with representatives from the Dept. of Public Works, SFPD, City Homeless Outreach Team, and the assistant District Attorney to discuss hotspot areas in the YBCBD and work as a team to find solutions on cleaning, safety and quality of life issues. For example, daily patrols and wellness check were conducted at various streets for the street population and to address encampments.

Additional Tools to Remove Needles

Members of our Clean Team, Community Guides, SFPD Bike Patrol Officer and our social service specialist are all trained in safe removal of needles found on streets. We obtained additional tools this month for staff including portable sharps containers to make removal more efficient.
