The following data and information is provided to the Yerba Buena Community Benefit District for tracking purposes. The information contained in this report is for activities reported in June 2022. The data and information are obtained from Ambassadors conducting patrols and entered in Jia.
DISTRICT OVERVIEW
During June, the NBA Champion Golden State Warriors celebration parade passed through YBCBD on June 20 much to the
delight of sports enthusiasts in the area. The Moscone Center continued to host large conventions during June (photos in the
Events/Activities section). The service team had their hands full with aggressive encampments at Jessie East and Jessie West.
A large portion of the 1000 needles collected during June were from this area. Our staff worked hard to keep these areas as
clean as possible.

The 2022 fiscal year came to a close in June and the YBCBD service staff continues to make the neighborhood cleaner, safer
and friendlier. During the 2021-2022 fiscal year, the YBCBD service staff performed 14,686 wellness checks, provided 692 social
service referrals, provided directions 5,739 times, provided general information/assistance to the public 2,320 times, removed
8,608 instances of graffiti, steam cleaned over 3000 block faces, removed 9,839 needles, and removed 513,750 pounds of
garbage. The YBCBD service staff looks forward to continuing service for the community during the 2022-2023 year!

EVENTS/ACTIVITIES
Some events happening in the YBCBD during June included:

RSA Conference 2022 (6/6-6/9) The annual cyber security conference returned to SF. It was the largest Moscone Center
event since the pandemic (21000 attendees).

ISSCR Annual Meeting (6/15-6/19) at Moscone Center: 2000 people attended the International Society for Stem Cell
Research meeting, bringing together leading innovators in the stem cell community.

PCBC 2022 (6/22-6/23) at Moscone Center: Approximately 4000 attendees and 350 exhibitors attended the Pacific Coast
Builder Conference Summer Trade show hosted innovators in home building.

Data + AI Summit 2022 (6/27-6/30) at Moscone Center: The world’s largest data and AI conference returned for four days
of keynote speeches, technical sessions, hands-on training and networking. 6000 people attended the summit.
SOCIAL SERVICE OUTREACH SPECIALIST REPORT

Community Benefit Districts are only a piece of the response to the complex issues surrounding homelessness, substance use, and mental health challenges. The YBCBD’s philosophy is to help people in need with compassion and respect. Our Social Services Outreach Specialist (SSOS) focuses on individual needs, using a person-centered approach to provide appropriate connection to services. Needs can range from securing documents, making medical appointments, storing belongings, arranging transportation between appointments, enrolling in services or all of the above. Whatever the need, the SSOS strives to help people navigate the complex social services network around them.

YBCBD Social Service Outreach Specialist, LaGina, reported 33 unhoused individuals (32 in May) living on the streets of YBCBD during the month of June. LaGina was able to assist these individuals and others who were in the district during the day with a total of 53 social service referrals. The chart on this page shows a breakdown of these referrals.

Below are two of LaGina’s significant encounters from April:

**June 9** - I was walking up Folsom & 3rd and ran across a regular in the district named “Sharon”. I can usually find her hanging around 111 Minna St. I stopped for a wellness check because she seemed upset. She told me that her boyfriend took all her personal belongings and left her stranded. I told her that I could give her some replacement items from my office and she accepted my offer. I told “Sharon” to wait for me at subway and I would be back in a few minutes after assembling a wellness bag, which included sweatpants, a pair of sneakers, panties, t-shirts, socks, a hygiene bag, snacks and water.

**June 13** - As I’m making my daily rounds within the district, I ran across a couple at 84 4th Street. As I approached the couple, I greeted them and they identified themselves as “Sheila” and “John”. They explained they’re from Redwood City and they were trying to get a hot meal and a pair of clothes to change into. I told “John” I knew a place where they could get a meal and a pair of clean clothes, as well as showers available for them to use nearby. I offered to could escort them and they accepted. As the three of us were walking to seek services, “Sheila” tells me that she is a new mom and her baby is 4 months. She told me that they took her son at the hospital. I connected them with the services they requested and went on my way.
