OUR STREET CLEANING REPORTS ARE ONLINE

Our Clean Team and Community Guides are out every day, rain or shine, keeping our streets clean and safe. You can check out their work on our website, where we post our monthly Clean and Safe Services Reports. The reports include:

- ▶ An overview of events in the neighborhood, including conventions
- ▶ A Social Service Outreach Specialist reports with information about services provided and connections made for those in need. Monthly service statistics including how much trash we collected from the streets and sidewalks, bio waste cleaned, and other clean and safe metrics
- ▶ Before and after photos documenting examples of the work our Clean Teamers are doing every single day to keep Yerba Buena clean.

To read these updated monthly reports, head on over to our website at: <https://ybcbd.org/about-us/#reports> and look at the Monthly Clean & Safe Reports section.
